CVCWWOA

The Chippewa Valley Chapter of the Wisconsin Woodland Owners Association is a group of land-owners from six Wisconsin counties who support the State Wisconsin Woodland Owners Association (WWOA).

- ◆ We advance the interest of all woodland owners in the practice of sustainable Forestry, Wildlife Habitat, Timber Production, and Recreation management techniques.
- ◆ We assist in developing a public appreciation for the value of Wisconsin's woodlands and their importance in the economy and overall welfare of the state.

WWOA PURPOSE "The Wisconsin Woodland Owners Association, Inc. was established in 1979 to advance the interests of woodland owners and the cause of forestry and to develop public appreciation for the value of Wisconsin woodlands and their importance in the economy and overall welfare of the state; to foster and to encourage the wise use and management of woodlands and all related resources in Wisconsin."
