

Wisconsin Woodland Owners Association  
North Central Chapter

## North Central Chapter Membership Application

The North Central Chapter (NCC) of the Wisconsin Woodland Owners Association (WVOA) represents an eight-county area in North Central Wisconsin including: Forest, Iron, Langlade, Lincoln, Marathon, Oneida, Price and Vilas Counties. Our goal is to provide our members with ongoing examples of, and education in the wise use and management of their woodlands.

We do this by hosting several events each year including: the Chapter Business Meeting held in January, a Winter Conference in February, a Spring Field Day in May, a picnic in July and a Fall Field Day in October. The Field Days are held at a member's woodland and involve discussion of current forest management topics along with attendance by forestry professionals and DNR staff.

The chapter also participates in other activities including: Forest Fest at Trees for Tomorrow in Eagle River, Kretz Landowner Field Day in Antigo and Invasive Removal at Fern Island in Wausau. Please see the chapter website for more details about these events.

To become a member of the NCC, you must also be a member of WVOA.

NCC Membership dues are \$10/year per family or individual. The dues go towards paying chapter expenses such as mailing and event costs.

Please send this application along with a \$10 check made out to NCC-WVOA to:
