Northeast Wisconsin Forest Owners (NEWFO) is a Chapter of the Wisconsin Woodland Owners Association (WWOA) that operates in Brown, Door, Kewaunee, and Manitowoc Counties. As a local chapter, NEWFO works to provide WWOA members with field days that address woodland landowner interests and needs relevant to our part of the state. NEWFO does this by hosting and co-sponsoring events, such as the spring woodland ecology field day and Winter Landowner Conference. By registering as a NEWFO member, you will help to ensure that you get informed about field day offerings in our area.
