CVCWWOA

The Chippewa Valley Chapter of the Wisconsin Woodland Owners Association is a group of landowners from six Wisconsin counties who support the State Wisconsin Woodland Owners Association (WWOA).

- ♦ We advance the interest of all woodland owners in the practice of sustainable Forestry, Wildlife Habitat, Timber Production, and Recreation management techniques.
- ♦ We assist in developing a public appreciation for the value of Wisconsin's woodlands and their importance in the economy and overall welfare of the state.

WWOA MISSION STATEMENT The mission of the Wisconsin Woodland Owners Association is to conserve and enhance the private woodlands of the state through the following actions:

- ♦ Sustainably manage our woodlands with informed management plans that utilize best silviculture* practices;
- ♦ Assist private landowners in achieving their management goals by connecting them with natural resource professionals and fellow woodland owners;
- ♦ Educate the public on the value of woodlands for economic, environmental, recreational, and wildlife habitat purposes.

These actions will ensure future generations can enjoy the natural beauty and benefits of our woodlands.

Our vision is to be the "go-to" organization to assist woodland owners in achieving their sustainable forestry goals.

*Silviculture—The care and development of forests in order to obtain a product or provide a benefit.

Benefits of a CVCWWOA Membership

We meet with other landowners and share our experiences about managing woodlands.

We receive periodic newsletters announcing upcoming Chapter events and other woodland management activities.

State DNR personnel participate in our Chapter events.
