

Wisconsin Woodland Owners Association
North Central Chapter

North Central Chapter Membership Application

The North Central Chapter (NCC) of the Wisconsin Woodland Owners Association (WVOA) represents a nine-county area in North Central Wisconsin including: Forest, Iron, Langlade, Lincoln, Marathon, Oneida, Price, Taylor and Vilas Counties. Our goal is to provide our members with ongoing examples of, and education in the wise use and management of their woodlands.

We do this by hosting several events each year including: the Chapter Business Meeting held in January, a Winter Conference in February, a Spring Field Day in May, a picnic in July and a Fall Field Day in October. The Field Days are held at a member's woodland and involve discussion of current forest management topics along with attendance by forestry professionals and DNR staff.

The chapter also participates in other activities throughout the area. Please see the WVOA website for more details about these events.

To become a member of the NCC, you must also be a member of WVOA.

The North Central Chapter does not charge a membership fee and is open to all members in the nine-county area. For certain chapter events a modest attendance fee could be charged to cover expenses.

To receive Chapter event notifications, please complete the application form below and mail to:
